

Diaverum is one of the world's largest, product-independent providers of renal care. Our core values — competent, inspiring and passionate — drive a culture of continuous improvement in our service delivery which ensures that our patients receive the best possible treatment to improve their quality of life.

Nephrology doctors required

Saudi Arabia

Diaverum is expanding its operations in Saudi Arabia. This represents attractive job opportunities for qualified, experienced and highly motivated nephrologists and physicians with experience in nephrology/dialysis to work in newly built, standalone dialysis centres throughout the Kingdom of Saudi Arabia.

Job opportunities for

- Nephrology Consultants
- Nephrology Specialists
- Nephrology Residents

Requirements

- Must be recognised by the Saudi Commission for Health Specialties (SCHS)
- Clinical experience working as a nephrologist in the hospital/dialysis clinics setting
- Experience with HD and/or PD is an important advantage
- Project management experience is a plus
- Experience in development and implementation of policies & procedures and clinical protocols is a plus

Interested and qualified candidates may send their CVs to SaudiArabiaJobs@diaverum.com (The subject of the e-mail should contain the title of the job being applied for).

Further job details can be found online at www.diaverum.sa/node/1005

DIAVERUM
